asap asia - A Shortcut to your Lifestyle Apex

When millions of dollars, piles of luxury goods, professional success and an enviable social status just aren't enough, and you're yearning for broader more impactful life experiences, look no further than ASAP Asia. Asia's newcomer to the Elite Concierge game does not consider the limitations – only its members' stratospheric expectations, and then exceeds them by opening doors and gaining access to experiences that fulfill lifelong wishes and dreams.

ASAP Asia engages its invitation-only members in a constant flow of mind-blowing, life-altering activities that money simply can't buy.

From riding a professional 1000cc Superbike on the **Zhuhai International Racing Circuit** with a former Grand Prix driver, to professional Formula 3 coaching and driving, all these life-altering encounters are at the tip of your black-card wielding fingertips. But if

**“Success Is Not WHAT You Know..
It's WHO You Know”**

speed isn't your creed, and red carpet glamour is more your thing, ASAP hooks you up with Hollywood royalty with invitations to the hottest after parties in Tinsel Town for The Oscars and The Golden Globes.

“Owning the latest luxury car, handbag or mobile phone simply isn't enough anymore –

it's too commonplace for our members. They want once-in-a-lifetime experiences that they never dreamt possible – and have the money to do it but not the connections” says ASAP's CEO Derek Elmer. “Membership with ASAP Asia is not just a social status, it's your shortcut to a Lifestyle Apex. Why settle for the Ordinary when we deliver the Extra?”

Since it was established in September 2006, ASAP members have embarked on such “Extra”ordinary activities as playing **Polo with the Crown Prince of Pahang**, Golfing

with Pro at the **Pro Am challenges in Mission Hill**, and Exclusive invitation to the glamorous **Golden Globe & Oscars Awards after-parties**.

Where the sign of affluence used to be bespoke luxury goods, ASAP is setting a new benchmark for today's rich and wealthy, with bespoke one-off events. A team of experienced event planners are on hand to custom create unique activities, and set their members on a path for a broader, more fulfilling and exhilarating life experience.
